

SUMMARY: Today, EPA approves as State Implementation Plan (SIP) revisions Tennessee Air Pollution Control Board Orders 23-86 and 36-86, the deletion of operating permits for Tennessee Eastman Company from the SIP; 24-86, the name change of Interstate Paving Company to Jones and Jones Contractors, Incorporated on the SIP permits; and 34-86, a one-year variance from opacity control for the No. 6 carbon brick press at the Union Carbide Corporation's Lawrenceburg, Tennessee facility. These Board Orders were submitted to EPA for approval on October 7, 1986, and December 30, 1986, with additional information submitted on January 5, 1987. The effect of these variances is to allow these sources to meet the relaxed requirements of regulations which are not yet State effective.

DATES: This action will be effective on August 17, 1987, unless notice is received by July 16, 1987, that someone wishes to submit adverse or critical comments.

ADDRESSES: Copies of the materials submitted by the State may be examined during normal business hours at the following locations:

Public Information Reference Unit,
Library Systems Branch,
Environmental Protection Agency, 401
M Street SW., Washington, DC 20460
Environmental Protection Agency,
Region IV, Air Programs Branch, 345
Courtland Street NE., Atlanta, Georgia
30365

Division of Air Pollution Control,
Tennessee Department of Health and
Environment, Customs House, 4th
Floor, 701 Broadway, Nashville,
Tennessee 37219

FOR FURTHER INFORMATION CONTACT:
Ms. Rosalyn D. Hughes, Air Programs
Branch, EPA Region IV, at the above
address and telephone number (404)
347-2864 or FTS 257-2864.

SUPPLEMENTARY INFORMATION: Board Order 24-86 reflects the change in ownership of the process emission sources at Interstate Paving Company to Jones and Jones Contractors, Incorporated. Since the allowable emissions are not changed by the revision, no effect on air quality is anticipated.

Board Orders 23-86 and 36-86 delete four operating permits for Tennessee Eastman Company from the SIP. These process emission sources recently received construction permits to allow for source modifications. New source review was performed to assure maintenance of air quality.

Board Order 34-86 is a one-year variance for the Union Carbide

Corporation's Lawrenceburg, Tennessee facility from opacity control (Tennessee Rule 1200-3-5-.01(1)) for the No. 6 carbon brick press. This press was installed in 1977. The latest source sampling report showed the average emissions as 1.6 lbs/hour. The other five carbon presses were constructed prior to April 3, 1972. The No. 6 press is similar to older presses with like control devices. Several different control technologies were attempted on this source with no consistent success at a cost of \$280,000. Since the press meets the mass emission standards (which equate to attainment of the total suspended particulate (TSP) ambient standards) but not the opacity standards (which do not always relate to the TSP ambient standards), the variance was granted while the State develops a solution, such as a regulatory revision or another control measure.

Final Action

Since Board Orders 23-86, 24-86, 34-86 and 36-86 are consistent with EPA policy and requirements, they are hereby approved. The public should be advised that this action will be effective 60 days from the date of this Federal Register notice. However, if notice is received within 30 days that someone wishes to submit adverse or critical comments, this action will be withdrawn and two subsequent notices will be published before the effective date. One notice will withdraw the final action and another will begin a new rulemaking by announcing a proposal of the action and establishing a comment period.

Under section 307(b)(1) of the Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by August 17, 1987. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)

Under 5 U.S.C. 605(b), I hereby certify that SIP approvals do not have a significant economic impact on a substantial number of small entities. (See 46 FR 8709.)

The Office of Management and Budget has exempted this rule from requirements of section 3 of Executive Order 12291.

List of Subjects in 40 CFR Part 52

Air pollution control, Incorporation by reference, Intergovernmental relations, Particulate matter.

Note.—Incorporation by reference of the Tennessee State Implementation Plan for the State of Tennessee was approved by the Director of the Federal Register on July 1, 1982.

Dated: June 5, 1987.

Lee M. Thomas,
Administrator.

PART 52—[AMENDED]

Part 52 of Chapter I, Title 40, of the Code of Federal Regulations, is amended as follows:

Subpart RR—Tennessee

1. The authority citation for Part 52 continues to read as follows:

Authority: 42 U.S.C. 7401-7642.

2. Section 52.2220 is amended by adding paragraph (c)(76) to read as follows:

§ 52.2220 Identification of plan.

(c) * * *

(76) Board Orders 23-86, 24-86, 34-86 and 36-86 were submitted on October 7, 1986 and December 30, 1986, respectively by the Tennessee Department of Health and Environment.

(i) Incorporation by reference.
(A) Board Order 23-86, which became State-effective on September 17, 1986.

(B) Board Order 24-86, which became State-effective on September 17, 1986.

(C) Board Order 34-86, which became State-effective on November 20, 1986.

(D) Board Order 36-86, which became State-effective on November 20, 1986.

(ii) Other material—none.

BILLING CODE 6560-50-M

40 CFR Part 60

[AD-FRL-3218-9]

Standards of Performance for New Stationary Sources; Volatile Organic Liquid Storage Vessels (Including Petroleum Liquid Storage Vessels); Correction

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule; correction.

SUMMARY: This document corrects a final rule on standards of performance for new stationary sources for volatile organic liquid (VOL) storage vessels (including petroleum liquid storage vessels) that appeared at page 11420 in the Federal Register of Wednesday, April 8, 1987, (52 FR 11420).

FOR FURTHER INFORMATION CONTACT:
Doug Bell or Laura Butler, Standards Development Branch, ESED (MD-13), U.S. Environmental Protection Agency, Research Triangle Park, North Carolina 27711, telephone (919) 541-5568 or (919) 541-5267.

This action is necessary to correct an inadvertent inclusion of a delegable function in the list of nondelegable functions in § 60.117b of the regulation that was published in the *Federal Register* on April 8, 1987 (52 FR 11420).

Dated: June 9, 1987.

Don R. Clay,

Acting Assistant Administrator for Air and Radiation.

PART 60—[AMENDED]

For reasons set out in the preamble, 40 CFR Part 60, § 60.117b(b), is amended as follows:

1. The authority citation for Part 60 continues to read as follows:

Authority: 42 U.S.C. 7411, 7414, and 7601(a).

2. Section 60.117b is amended by revising paragraph (b) to read as follows:

§ 60.117b Delegation of authority.

(b) Authorities which will not be delegated to States: Sections 60.111b(f)(4), 60.114b, 60.116b(e)(3)(iii), 60.116b(e)(3)(iv), and 60.116b(f)(2)(iii).

BILLING CODE 6560-50-M

FEDERAL EMERGENCY MANAGEMENT AGENCY

44 CFR Part 64

[Docket No. FEMA 6754]

Suspension of Community Eligibility; Connecticut et al.

AGENCY: Federal Emergency Management Agency, FEMA.

ACTION: Final rule.

SUMMARY: This rule lists communities, where the sale of flood insurance has been authorized under the National Flood Insurance Program (NFIP), that are suspended on the effective dates listed within this rule because of noncompliance with the floodplain management requirements of the program. If FEMA receives documentation that the community has adopted the required floodplain management measures prior to the effective suspension date given in this rule, the suspension will be withdrawn by publication in the *Federal Register*.

EFFECTIVE DATES: The third date ("Susp.") listed in the fourth column.

FOR FURTHER INFORMATION CONTACT:

Frank H. Thomas, Assistant Administrator, Office of Loss Reduction, Federal Insurance Administration, (202) 646-2717, Federal Center Plaza, 500 C Street, Southwest, Room 416, Washington, DC 20472.

SUPPLEMENTARY INFORMATION: The National Flood Insurance Program (NFIP), enables property owners to purchase flood insurance at rates made reasonable through a Federal subsidy. In return, communities agree to adopt and administer local floodplain management measures aimed at protecting lives and new construction from future flooding. Section 1315 of the National Flood Insurance Act of 1968, as amended (42 U.S.C. 4022), prohibits flood insurance coverage as authorized under the National Flood Insurance Program (42 U.S.C. 4001-4128) unless an appropriate public body shall have adopted adequate floodplain management measures with effective enforcement measures. The communities listed in this notice no longer meet that statutory requirement for compliance with program regulations (44 CFR Part 59 et. seq.). Accordingly, the communities will be suspended on the effective date in the fourth column. As of that date, flood insurance will no longer be available in the community. However, some of these communities may adopt and submit the required documentation of legally enforceable floodplain management measures after this rule is published but prior to the actual suspension date. These communities will not be suspended and will continue their eligibility for the sale of insurance. A notice withdrawing the suspension of the communities will be published in the *Federal Register*. In the interim, if you wish to determine if a particular community was suspended on the suspension date, contact the appropriate FEMA Regional Office or the NFIP servicing contractor.

In addition, the Federal Emergency Management Agency has identified the special flood hazard areas in these communities by publishing a Flood Hazard Boundary Map. The date of the flood map, if one has been published, is indicated in the fifth column of the table. No direct Federal financial assistance (except assistance pursuant to the Disaster Relief Act of 1974 not in connection with a flood) may legally be provided for construction or acquisition of buildings in the identified special flood hazard area of communities not

participating in the NFIP and identified for more than a year, on the Federal Emergency Management Agency's initial flood insurance map of the community as having flood-prone areas. (Section 202(a) of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), as amended). This prohibition against certain types of Federal assistance becomes effective for the communities listed on the date shown in the last column.

The Administrator finds that notice and public procedure under 5 U.S.C. 553(b) are impracticable and unnecessary because communities listed in this final rule have been adequately notified. Each community receives a 6-month, 90-day, and 30-day notification addressed to the Chief Executive Officer that the community will be suspended unless the required floodplain management measures are met prior to the effective suspension date. For the same reasons, this final rule may take effect within less than 30 days.

Pursuant to the provision of 5 U.S.C. 605(b), the Administrator, Federal Insurance Administration, FEMA, hereby certifies that this rule if promulgated will not have a significant economic impact on a substantial number of small entities. As stated in section 2 of the Flood Disaster Protection Act of 1973, the establishment of local floodplain management together with the availability of flood insurance decreases the economic impact of future flood losses to both the particular community and the nation as a whole. This rule in and of itself does not have a significant economic impact. Any economic impact results from the community's decision not to (adopt) (enforce) adequate floodplain management, thus placing itself in noncompliance of the Federal standards required for community participation. In each entry, a complete chronology of effective dates appears for each listed community.

List of Subjects in 44 CFR Part 64

Flood insurance, Floodplains.

The authority citation for Part 64 continues to read as follows:

Authority: 42 U.S.C. 4001 et. seq., Reorganization Plan No. 3 of 1978, E.O. 12127.

2. Section 64.6 is amended by adding in alphabetical sequence new entries to the table.

BILLING CODE 6710-03-M

ACTION: Final rule.

SUMMARY: This document allots Channel 286C2 to Panama City Beach, Florida, as a second FM channel, at the request of John C. Drombosky. The allotment requires a site restriction 7.1 kilometers (4.4 miles) west of the city to meet the spacing requirement of the Rules. With this action, this proceeding is terminated.

DATES: Effective Date: July 23, 1987; The window period for filing applications will open on July 24, 1987, and close on August 24, 1987.

FOR FURTHER INFORMATION CONTACT: Montrose H. Tyree, Mass Media Bureau, (202) 634-6530.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's Report and Order, MM Docket No. 86-89, adopted April 24, 1987, and released June 10, 1987. The full text of this Commission decision is available for inspection and copying during normal business hours in the FCC Dockets Branch (Room 230), 1919 M Street, Washington, DC. The complete text of this decision may also be purchased from the Commission's copy contractors, International Transcription Service, (202) 857-3800, 2100 M Street, NW., Suite 140, Washington, DC 20037.
